

## Landmarks OF NANTUCKET!

# Debbie Campbell

My name is Debbie. I am thirteen years old. I am in the seventh grade.

I was born in Jamaica and I came to Nantucket when I was nine years old to live with my mom. I only have one sibling and that is my older sister, who lives in Jamaica. I like to dance and go to a lot of parties. I like to sing a lot. The types of food I like are Jamaican foods mostly, and fried chicken, and I love to eat nachos. I love to have fun with my friends and hang out with them. Things I hate are: homework, chocolate, coffee, and reading long books.

My goal or dream for when I get older is to be a model, or a professional singer.

### BRANT POINT

Brant Point is the only beach on Nantucket that has a lighthouse with rocks around it.

### BRANT POINT

The way the skies and beach meet, the contrast, and just the whole picture looks good.

### MILL

The color of the sky is very pretty, and there are a few clouds in the sky. The camera is at an angle. You can see the trees in the background and the color of faded grass.

### STARLIGHT THEATRE

The Starlight Theatre is the only theatre I go to watch movies. That is why I would miss it if it disappeared.
