

Landmarks OF NANTUCKET!

Flinx Martin

As I grow up, my interest in photography grows as well because my grandmother is a photographer. I like to hang out with friends, play with my dog, watch movies, and make movies, as well as spending time with my Mom. I hope through my pictures I will be able to express all of these things. I feel that this experience has taught me to work with cameras. I look forward to becoming a photographer.

BACK DOOR

This is the back door of the Dreamland Theater. I've always liked the looks of it because it reminds me of a movie.

ALLEYWAY

This alley is behind the Dreamland Theater in between the houses. I like it because there is nice lighting. I also like it because it is not seen by other people and that is why I find it beautiful and inspirational.

ESCAPE ROUTE

This path is by the Atlantic Café. I like it because it brings back memories. This picture makes me feel mesmerized with all the shingles down a long narrow path.

TACOS TACOS

The color and design of the sign caught my eye. I enjoy eating their tacos. I also like to ride my bike there during the summer to meet some friends. It is fun to hang out there.
