

# Landmarks OF NANTUCKET!

## Keegan Bartlett

My name is Keegan Bartlett. I was born on the tenth of March, 1995, at Nantucket Cottage Hospital. I am twelve years old. I enjoy skiing, surfing, playing soccer, and ice hockey. I live on Bartlett Farm on the island of Nantucket. I am a sixth-grade student at Cyrus Peirce Middle School. My favorite subject is Science. The job I wish to have when I grow up is to be a Forensic Scientist. I am a Boy Scout, 2nd Class. I hope to get my Eagle Scout rank before I am 18 years of age. Eagle Scout is the most honored rank in the Boy Scouts.

### THREE OLD TRACTORS

Three Old Tractors at Bartlett's Farm. I love Bartlett's Farm. My family has been using the land since 1853 for agricultural purposes. I think that everyone loves to go to the farm and spend time enjoying the open space. Can you imagine all that land full of houses? That would be so sad. I would definitely miss it because it is part of my heritage.

### FOOTBRIDGE

This footbridge in 'Sconset makes me think of how much I would miss 'Sconset. I enjoy going out there during the summer months. It seems that 'Sconset is like what Nantucket used to be. It is a small village where everyone knows everyone else. People are friendly. Everyone says hello to everyone. There is no hustle and bustle.

### A WALK UP MAIN STREET

This is the sidewalk going up Main Street. When I walk up Main Street, I often think of those who walked before me.

### MAIN STREET

I love Main Street. I love the story that the stones were once used in the whaling ships. I enjoy seeing the various architectural styles and the building materials used on the facades of the many buildings on Main Street.
