

Landmarks OF NANTUCKET!

Olivia Harrington

My name is Olivia Harrington. I am twelve years old and I go to Cyrus Peirce Middle School. My interests are ice skating, synchronized skating, walking, reading, and taking photographs. I also enjoy cooking and listening to my iPod. I have two sisters, and I live with my mom, dad, and younger sister Nora on Nantucket.

A DIFFERENT VIEW OF SURFSIDE

This is a picture of the waves at Surfside. The foam on the waves is white, while the water is a greenish-grayish color. The cloudy sky in the background is a very light blue in some parts and light heather gray in other parts.

HIDDEN BY THE REEDS

This photograph was taken off a light-blue boat hidden by some tan-colored reeds in the Creeks. The sky is a gray blue and there are a few gray houses in the background.

WILD WIND ON WATER

This photo was taken at the Creeks. I like this photo because of the unique texture that the wind creates on the water when it blows over it.

CRANBERRIES IN MAY

This picture was taken at the Cranberry Bogs overlooking the cranberries. In this picture, the cranberries are a bright red. Next to the cranberries a little sky-blue stream runs beside.
