

# Landmarks OF NANTUCKET!

## Camilla Woodley

My name is Camilla Woodley and I am twelve years old. Taking pictures has made me more observant and creative. It has also made me more artistic. I would like museum visitors to know that I am artistic, funny, and like hanging out with my friends.

### BRANT POINT LIGHTHOUSE

Looking at the Brant Point Lighthouse, I see beautiful color and detail.

### BRANT POINT LIGHTHOUSE

It is nice to see such a beautiful sight.

### HOSPITAL

The hospital is a great place to photograph. I decided to do the Wall of Natives picture. It shows good detail and real Nantucket spirit.

### HOSPITAL

This picture gives great detail and truly describes the safe and nice hospital environment. I enjoyed taking this picture.
