

Landmarks OF NANTUCKET!

Charlotte Tallman

My name is Charlotte Tallman. I am a thirteen-year-old seventh grader at Cyrus Peirce Middle School. My family came to the island when I was four years old. We fell in love with the island, its history, and its wonderful sites. I am so happy to call Nantucket my home.

PEACEFUL SPRING AT SURFSIDE BEACH

This picture is of Surfside Beach. It was taken on my way down to the beach on a cold and cloudy day in March 2007. The sea grass was blowing in the wind, and the sky was turning dark. I love how peaceful it is here.

SUMMER DREAMING

This picture is of Surfside Beach. It was taken on a cold and cloudy day in March 2007. I took it on my stroll down the beach at a distance. The sky was very beautiful and blue; it made me wish that summer would come sooner.

TRANQUIL MADAKET

This is a picture of Madaket Pond. It was taken in March 2007 on a cloudy day, at a distance between the reeds. I wonder where all the snapping turtles are? I love this pond because it was the first place I went fishing with my dad.

MY PLACE OF WORSHIP

This picture is of the First Congregational Church. This picture was taken looking up towards the sky on a sunny, cloudless day. This is a very important place in my life. I know there are many sailors who have used its steeple as a guide on the water to Nantucket.
